

Odds Farm Indoor Playbarn Rules

To keep everyone happy & safe, when entering the Playbarn you agree to follow these rules and listen to all staff instructions.

- All children must be accompanied and supervised by an adult at all times. No adult only entrance allowed.
- Encourage your children to play according to their age and ability. Special soft play areas are provided for under 2's and under 5's.
- Socks must be worn at all times. To use the red & blue drop slides, leggings/trousers and long sleeved tops must also be worn, shirts need to be tucked in, and you must be over 90cm tall.
- Before playing, shoes must be removed along with all items of jewellery, watches, belts, scarves etc. which could get caught up. People who wear glasses or contact lenses should also take particular care.
- No food, drink or chewing gum may be taken into the play areas and only food and drink purchased at Odds Farm may be consumed in the Playbarn.
- Use the slides correctly – only one person at a time, go down feet first and move away quickly once you reach the bottom.
- Disruptive behaviour will not be tolerated.
- Children who are unwell should not use the play equipment. If your child has an accident whilst on the play frame you must inform the staff immediately.
- During busy periods, the length of time allowed on the play frame may be restricted.

Our staff are here to assist with the smooth running of the adventure play areas. It is the responsibility of the Parents/Adults to ensure their child wears the correct clothing, behaves appropriately and is supervised at all times.
